

~~Attn: District Attorney Brandenburg~~ NMAGO

Letter of complaint pursuant to the requirements of the IPRA.

accused; Darren White, Bernalillo County Sheriff

Sheriff White has represented that he is the Custodian of Public Records for the Bernalillo County Sheriff's Office.

He has in his possession, or under his control, public records of public corruption and criminal conspiracy involving the use of Sheriff's Department computers by the leadership of the Albuquerque Public Schools.

I have made numerous requests for the opportunity to inspect and or copy those records. Sheriff White continues to refuse to comply with the requirements of the NMIPRA.

Documentation attached.

I require the assistance of an agency powerful enough to resist the will of a county sheriff. The participation of the District Attorney's Office is required because lawsuits are ineffective against politically powerful defendants like the leadership of the APS and the Sheriff.

Please acknowledge that you have received this complaint.
